Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions

Gayle Laakmann McDowell

Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions Gayle Laakmann McDowell

I am not a recruiter. I am a software engineer. And as such, I know what it's like to be asked to whip up brilliant algorithms on the spot and then write flawless code on a whiteboard. I've been through this as a candidate and as an interviewer.

Cracking the Coding Interview, 6th Edition is here to help you through this process, teaching you what you need to know and enabling you to perform at your very best. I've coached and interviewed hundreds of software engineers. The result is this book.

Learn how to uncover the hints and hidden details in a question, discover how to break down a problem into manageable chunks, develop techniques to unstick yourself when stuck, learn (or re-learn) core computer science concepts, and practice on 189 interview questions and solutions.

These interview questions are real; they are not pulled out of computer science textbooks. They reflect what's truly being asked at the top companies, so that you can be as prepared as possible. **WHAT'S INSIDE?**

- 189 programming interview questions, ranging from the basics to the trickiest algorithm problems.
- A walk-through of how to derive each solution, so that you can learn how to get there yourself.
- Hints on how to solve each of the 189 questions, just like what you would get in a real interview.
- Five proven strategies to tackle algorithm questions, so that you can solve questions you haven't seen.
- Extensive coverage of essential topics, such as big O time, data structures, and core algorithms.
- A behind the scenes look at how top companies like Google and Facebook hire developers.
- Techniques to prepare for and ace the soft side of the interview: behavioral questions.
- For interviewers and companies: details on what makes a good interview question and hiring process.

From reader reviews:

Doris Geer:

What do you ponder on book? It is just for students since they are still students or this for all people in the world, the particular best subject for that? Just you can be answered for that problem above. Every person has distinct personality and hobby per other. Don't to be obligated someone or something that they don't wish do that. You must know how great and also important the book Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions. All type of book could you see on many methods. You can look for the internet solutions or other social media.

Harry Nelson:

Here thing why this specific Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions are different and trustworthy to be yours. First of all reading a book is good however it depends in the content than it which is the content is as delicious as food or not. Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions giving you information deeper since different ways, you can find any e-book out there but there is no reserve that similar with Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions. It gives you thrill looking at journey, its open up your eyes about the thing this happened in the world which is possibly can be happened around you. It is easy to bring everywhere like in area, café, or even in your way home by train. When you are having difficulties in bringing the published book maybe the form of Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions in e-book can be your alternative.

Joseph Cobble:

Hey guys, do you would like to finds a new book to read? May be the book with the subject Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions suitable to you? The book was written by well known writer in this era. The particular book untitled Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions is the one of several books which everyone read now. That book was inspired many men and women in the world. When you read this book you will enter the new dimension that you ever know previous to. The author explained their concept in the simple way, and so all of people can easily to be aware of the core of this publication. This book will give you a wide range of information about this world now. So that you can see the represented of the world within this book.

Jeffrey Primo:

Reading can called head hangout, why? Because if you find yourself reading a book especially book entitled Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions your head will drift away trough every dimension, wandering in most aspect that maybe unfamiliar for but surely might be your mind friends. Imaging just about every word written in a book then become one contact form conclusion and explanation this maybe you never get prior to. The Cracking the Coding Interview, 6th Edition: 189

Programming Questions and Solutions giving you another experience more than blown away your mind but also giving you useful facts for your better life on this era. So now let us explain to you the relaxing pattern is your body and mind will be pleased when you are finished looking at it, like winning a sport. Do you want to try this extraordinary wasting spare time activity?
