**Routers and Routing Basics CCNA 2 Labs and Study Guide (Cisco Networking Academy)** Allan Johnson

The completely revised and only authorized Labs and Study Guide for the Cisco Networking Academy Program CCNA 2 curriculum

- A portable classroom resource that supports the topics in the CCNA 2 curriculum aligning 1:1 with course modules
- Includes all the labs in the online curriculum as well as additional instructor-created challenge labs for extended learning and classroom exercises
- Written by leading Academy instructor Allan Johnson, who bring a fresh voice to the course material

The all-new Labs and Study Guide titles combine the best of the former Lab Companions and Engineering Journal and Workbooks with new features to improve the student's hands-on skills and reinforce the topics for each CCNA course. *Routers and Routing Basics CCNA 2 Labs and Study Guide* is a complete collection of the lab exercises specifically written for the CCNA 2 course in the Cisco Networking Academy Program, designed to give students hands-on experience in a particular concept or technology. Each lab contains an introductory overview, a preparation/tools required section, explanations of commands, and step-by-step instructions to reinforce the concepts introduced in the online course and covered in the Companion Guide. NEW: Challenge labs written by Academy instructors, tested in their classrooms will be included as additional or alternative labs. The Study Guide section is designed to provide additional exercises and activities to reinforce students' understanding of the course topics, preparing them for the course assessments. As a study guide it will also continue to provide ample writing opportunities to guide students into the habit of keeping notes on networking topics.
