The decision was an easy one: With a feature set that equals or exceeds its competitors and an increasingly tight integration with the other Adobe tools that are key to your workflow, InDesign cs was a no-brainer when it came time to update your page layout capabilities. Problem is, you've still got to learn the thing, and learn it well: Your job, after all, depends on it. No one understands that better than the authors of this book, who draw on their own real-world professional knowledge to deliver all the industrial-strength production techniques and timesaving tips you need to start laying out, proofing, and printing pages with InDesign cs in record time. You'll find everything you need here to successfully master InDesign's advanced page-layout tools; manage color; create, link, and unlink text frames; and run your own custom InDesign scripts. You'll also find complete coverage of all of InDesign cs' new features: an updated Story Editor, nested styles, separation previews, the Package for GoLive command, and more.
