## The Creative Class Goes Global (Regions and Cities)

The whole landscape of research in urban studies was revolutionized by the publication of Richard Florida's *The Rise of the Creative Class* in 2002, and his subsequent book entitled *The Flight of the Creative Class* has helped to maintain a decade-long explosion of interest in the field. While these two books examine the creative class in the context of the United States, research has emerged which investigates the creative class worldwide.

This book brings together detailed studies of the creative class in cities across the globe, examining the impact of the creative class on growth and development. The countries covered include the United Kingdom, the Netherlands, Germany, Australia, China, Japan and Canada, in addition to the United States. Taken together, the contributions deepen our understanding of the creative class and the various factors that affect regional development, highlighting the similarities and differences between the creative class and economic development across countries.

This book will be of great interest to scholars of economic geography, regional economics, urban sociology and cultural policy, as well as policy makers involved in urban development.

#### **Louise Denison:**

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring along with can't see colorful images on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this The Creative Class Goes Global (Regions and Cities) can make you sense more interested to read.
