**The Tet Offensive (Studies; 71)** Marc J. Gilbert, William P. Head

The Tet Offensive of 1968 was perhaps the key incident in the War for Vietnam. But the debate surrounding the offensive continues: Was it a failed last-gasp effort by the defeated North Vietnamese and their Viet Cong allies? Or was it part of a larger plan that led to victory for the North Vietnamese and their allies? The essays in this volume are among the very first to seek to dispel the wishful thinking, analytical dogmas, and political agendas that have obscured past efforts to master this key turning point in Vietnamese and American history. They reveal that we can look at the truth—and learn from it.
