Introduction to International Disaster Management, Second Edition

Damon P. Coppola

Introduction to International Disaster Management, Second Edition Damon P. Coppola

Disaster management is a vibrant and growing field, driven by government spending in the wake of terrorist attacks and environmental debacles, as well as private-sector hiring of risk managers and emergency planners. An ever-increasing number of practicing professionals needs a reference that can provide a solid foundation in ALL major phases of supervision – mitigation, preparedness, response, communications, and recovery. As climate change leads to further costly catastrophes and as countries around the world continue to struggle with terrorism, the demand for solutions will only grow. This revised edition of Coppola's revered resource meets said demand head-on with more focused, current, thoughtfully analyzed, and effective approaches to disaster relief.

- Expanded coverage of global approaches to disaster management with enhanced data and research on disasters around the world, including Cyclone Nargis, the H1N1 pandemic, and the tsunami in American Samoa
- More material on risk management, mitigation, myths that affect behavior during crises, and post-disaster evaluation of the response
- Up-to-date information on the role of aid organizations and international financial institutions like the World Bank in disaster response, as well as commentary on the latest research in disaster management and policy studies

Donna Johnson:

Exactly why? Because this Introduction to International Disaster Management, Second Edition is an unordinary book that the inside of the book is waiting for you to snap the idea but later it will surprise you with the secret idea inside. Reading this book alongside it was a fantastic author who also wrote the book in such an awesome way makes the content within easier to understand, an entertaining way but still conveys the meaning thoroughly. So, it is good for you for not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of rewards than the other books include such as help improving your expertise and your critical thinking way. So, still want to postpone having that book? If I were you I will go to the e-book store hurriedly.

Shirley Drago:

Your reading sixth sense will not betray you actually, why because this Introduction to International Disaster Management, Second Edition guide written by a well-known writer who knows well how to make a book which might be understood by anyone who also reads the book. Written throughout in good manner for you, leaking every idea and publishing skill only to eliminate your own hunger then you still hesitate Introduction to International Disaster Management, Second Edition as a good book not only by the cover but also with the content. This is one publication that can break don't assess a book by its handle, so do you still need an additional sixth sense to pick this specific!?! Oh come on your studying sixth sense already alerted you so

why you have to listening to another sixth sense.
