The Economic Approach to Law, Second Edition Thomas Miceli

Designed specifically for economics students, *The Economic Approach to Law, 2nd Edition*, provides an introductory treatment of law and economics, revealing how economic principles explain the structure of the law, and how they can help make the law more efficient. To that end, the author focuses on unifying themes in the field—rather than exhaustively covering legal topics—and thus provides a more analytical treatment of the subject.

The second edition includes current research into the economics of common law areas, such as torts, contracts, and property law. The revised text also offers a new chapter that explores how economics can be applied to anti-trust law, as well as added material on intellectual property. This edition features an expanded suite of exercises and problems at the end of each chapter to encourage students to "do" law and economics.

A companion web site offers a full suite of resources for students and professors. Key pedagogical features include cases; discussion points that provide additional analysis of topics in the book; graduate notes, which deepen the text for more advanced readers; and relevant Web links. Professors have access to sample syllabi for undergraduate and graduate courses and to an instructor's manual providing suggested answers to all of the end-of-chapter questions/problems in the book.

From reader reviews:

Jesse Linder:

Nowadays reading books become more and more than want or need but also be a life style. This reading practice give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book that will improve your knowledge and information. The data you get based on what kind of e-book you read, if you want have more knowledge just go with knowledge books but if you want sense happy read one with theme for entertaining for instance comic or novel. The The Economic Approach to Law, Second Edition is kind of book which is giving the reader unstable experience.

Debra Lovern:

The Economic Approach to Law, Second Edition can be one of your basic books that are good idea. Most of us recommend that straight away because this e-book has good vocabulary that can increase your knowledge in terminology, easy to understand, bit entertaining but delivering the information. The copy writer giving his/her effort that will put every word into enjoyment arrangement in writing The Economic Approach to Law, Second Edition however doesn't forget the main position, giving the reader the hottest as well as based confirm resource details that maybe you can be certainly one of it. This great information can drawn you into new stage of crucial imagining.

Katie Grossi:

Many people spending their time period by playing outside together with friends, fun activity together with family or just watching TV the whole day. You can have new activity to invest your whole day by studying a book. Ugh, ya think reading a book really can hard because you have to take the book everywhere? It alright you can have the e-book, taking everywhere you want in your Cell phone. Like The Economic Approach to Law, Second Edition which is keeping the e-book version. So , try out this book? Let's view.

Arthur Warnick:

A lot of reserve has printed but it is different. You can get it by internet on social media. You can choose the very best book for you, science, comic, novel, or whatever by means of searching from it. It is identified as of book The Economic Approach to Law, Second Edition. You can include your knowledge by it. Without leaving behind the printed book, it could add your knowledge and make anyone happier to read. It is most important that, you must aware about reserve. It can bring you from one location to other place.
