The Age of Deception Mr. M Munir

We live in an age where appearance and reality are not quite the same. The Quran speaks of a time that will come, when truth is taken for lies, and the lies taken for truth. Most of humanity is blissfully ignorant of events that are happening in the world today. We live in an age of deception, a deception so masterfully planned, and executed, most of the world remains unaware. Yet this plan has taken centuries to evolve, and made possible due to a handful of individuals, who are knowledgeable in the occult sciences. A system of knowledge long forgotten by humanity, brought over from the Middle East by the Knights of the Temple of Solomon, it has changed our world. The world has ever since been shaped by a hidden hand, which use their power and prepare for the arrival of their long, awaited Messiah. The Jews, Christians, and Muslims know of him. During a period nearing the end of time, an individual will present himself to the world as saviour. His slaves will have already prepared the world with his system in place, and most of the people of the world will follow it. He is the master deceiver, weaving a web of deception, and tricking mankind into believing this is the world to live for, beyond which nothing else exists. The Muslims refer to him as the Dajjal, to the Christians he is the Anti-Christ. The words of the Quran, the Bible and the Torah will be turned on their heads, it will be a world dominated by Gog and Magog. These two tribes shall control the world impressing their system of values, and create carbon copies of themselves, as the world will be left looking in awe of their domination upon the planet, and begin imitating them in an era of globalisation. Western civilisation is the most powerful civilisation in the history of mankind, and it has dominated all aspects of life. The world is a complex puzzle, and to make sense of what is happening in our world, it is the Quran one must turn to, so to explain the strange events taking place in our present time. This book will take the reader on a journey, explaining the events of history, and how they unravelled behind closed doors. Using the Quran, the reader will be made aware of the events which have taken place, and what is yet to come.
