A critical resource for any student considering medical school in the Caribbean Region! Central and South American Medical Schools - Caribbean Region, 1st edition, includes a wealth of information for prospective medical students on twenty-two medical schools located throughout this region of the Caribbean. This book is meant to be an adjunct to: Caribbean Medical Schools - Greater and Lesser Antilles, which describes forty medical schools in this region of the Caribbean. Both books include information on acceptance requirements, licensing, international medical graduate residency acceptance statistics, travel information, and island and international life. The book is produced by the American Medical Residency Certification Board (AMRCB®) for the purpose of assisting students in selecting an appropriate medical school and understanding the process of attending an international medical school in the Caribbean Region. Often referred to as the "Bluebooks," these guides have become trusted references for multitudes of successful physicians.
