BOOK #1: Grow Fruit Indoors: 34 Guidelines for Growing Fruit Trees in Your apartment. Step Forward to Cost-Effective Gardening

Growing fresh fruit is a healthy alternative to a store bought fruits. Growing your own fruit guarantees it is straight from the tree and not sprayed with chemicals, ensuring it is the healthiest fruit for your family.

A downfall to growing your own organic food does require plenty of space which is ok for those residing on plenty of land but what about those of us who live in small apartments with limited space. Luckily, there are several ways to grow your own fruit in a small space such as container growing for inside and outdoors. This eBook will guide you with clear instructions on getting started with your own organic fruit growing at home.

Here is what you will learn after reading this book:

- How to grow plenty of fruit indoors or outside on your balcony?
- What soil is needed?
- Watering and feeding your plants
- Pests and how to protect your plants
- When is the right time to pick my organic fruit?
- And more...
