Gardner's Art Through the Ages Fred S. Kleiner, Christin J. Mamiya

The market-leading text for the art history survey course, GARDNER'S ART THROUGH THE AGES has served as a comprehensive and thoughtfully crafted guide to the defining phases of the world's artistic tradition. With this book in hand, thousands of students have watched the story of art unfold in its full historical, social, religious, economic, and cultural context, and thus deepened their understanding of art, architecture, painting, and sculpture. By virtue of its comprehensive coverage, strong emphasis on context, and rich, accurate art reproductions, GARDNER'S ART THROUGH THE AGES has earned and sustained a reputation of excellence and authority. So much so, that in 2001, the Text and Academic Authors Association awarded both the McGuffey and the "Texty" Book Prizes to the Eleventh Edition of the text. It is the first art history book to win either award and the only title ever to win both prizes in one year. The Twelfth Edition maintains and exceeds the richness of the Gardner legacy with updated research and scholarship and an even more beautiful art program featuring more color images than any other art history book available. The Twelfth Edition features such enhancements as more color photographs, a stunning new design, and the most current research and scholarship. What's more, the expanded ancillary package that accompanies GARDNER'S ART THROUGH THE AGES, features a wealth of tools to enhance your students' experience in the course. With each new copy of the book, students receive a copy of the ArtStudy 2.0 CD-ROM--an interactive electronic study aid that fully integrates with the Twelfth Edition and includes hundreds of high-quality digital images, plus maps, quizzes, and more.
