Atlas of World History

Atlas of World History

Oxford's Atlas of World History is the result of years of intensive work by a specialist team of scholars, editors, and cartographers. It presents the story of humanity in its physical setting, from the emergence of the earliest hominoids to the present day. Truly international in scope, the atlas incorporates the latest research into Asian, African, and Central and South American history, as well as the traditional core of North American and European events.

The Atlas includes sections on the Ancient World, Medieval World, Early Modern World, Age of Revolutions, and the Twentieth Century and Beyond. Each section opens with an introduction that highlights the main socioeconomic, cultural and religious themes of the period, followed by spreads of maps, text, illustrations and captions that discuss specific regions and eras. Spreads depict everything from hunting in Africa in 10,000 BC to the kingdoms of Southeast Asia in the earliest years of the millennium, the decline of the Byzantine Empire, the growth of the Atlantic economies in the 18th century, and standards of living since 1945.

The Atlas features some 450 vivid full-color maps illustrating the major themes and events of world history, 100 photographs, 60 diagrams and hundreds of thousands of words of explanatory text. Unique for such an atlas, the entire work is thoroughly cross-referenced, allowing the reader to move backwards and forwards in time or across the world from region to region, following themes or lines of inquiry across pages.

The new edition brings the Atlas into the 21st Century and up to the present day. New and updated maps and illustrations cover a wide range of evolving subjects such as population changes, international trading, urbanization, political and economic developments, literacy rates, the concentration of world languages, and many more important and always timely subjects. Coverage of Africa, South Asia, Eastern Europe, and every other part of the world is revisited and updated, making this the most up-to-date atlas of world history available, in addition to being the most complete.

A comprehensive index of more than 8,000 entries includes numerous alternative name forms used over the centuries. The Atlas of World History closes with a bibliography that provides a booklist for suggested further reading. Equally well-suited for a general audience and students of history or international relations, the Atlas of World History continues Oxford's presence as the premier publisher of world atlases.

From reader reviews:

Jon McKibben:

Spent a free the perfect time to be fun activity to complete! A lot of people spent their free time with their family, or their very own friends. Usually they doing activity like watching television, going to beach, or picnic within the park. They actually doing same task every week. Do you feel it? Do you wish to something different to fill your free time/ holiday? Might be reading a book is usually option to fill your free time/ holiday. The first thing you ask may be what kinds of reserve that you should read. If you want to attempt look for book, may be the publication untitled Atlas of World History can be very good book to read. May be it may be best activity to you.

Henry Knight:

Are you kind of occupied person, only have 10 as well as 15 minute in your time to upgrading your mind talent or thinking skill even analytical thinking? Then you are having problem with the book in comparison with can satisfy your short space of time to read it because all of this time you only find e-book that need more time to be go through. Atlas of World History can be your answer since it can be read by an individual who have those short free time problems.

Patricia Beall:

It is possible to spend your free time to study this book this guide. This Atlas of World History is simple to create you can read it in the park your car, in the beach, train along with soon. If you did not possess much space to bring the particular printed book, you can buy typically the e-book. It is make you much easier to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when one buys this book.

Jennifer David:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Atlas of World History can make you truly feel more interested to read.
