Precalculus Enhanced with Graphing Utilities (4th Edition)

Michael Sullivan, Michael SullivanIII

Precalculus Enhanced with Graphing Utilities (4th Edition) Michael Sullivan, Michael SullivanIII

This is the number one, best selling graphing-required version of Mike Sullivan's precalculus series. It is used by thousands of students and hundreds of instructors because, simply, "IT WORKS." "IT WORKS" for both instructors and students because Mike Sullivan, after twenty-five years of teaching, knows exactly what students need to do to succeed in a math class and he therefore emphasizes and organizes his text around the fundamentals; preparing, practicing, and reviewing. Students who prepare (read the book, practice their skills learned in previous math classes), practice (work the math focusing on the fundamental and important mathematical concepts), and review (study key concepts and review for quizzes and tests) succeed in class. Instructors appreciate this emphasis as it supports their teaching goals to help their students succeed as well as appreciate the fact that this dependable text retains its best features- - accuracy, precision, depth, strong student support, and abundant exercises, while substantially updating content and pedagogy. After completing the book, students will be prepared to handle the algebra found in subsequent courses such as finite mathematics, business mathematics, and engineering calculus.

From reader reviews:

Verline Custer:

What do you concerning book? It is not important along with you? Or just adding material if you want something to explain what you problem? How about your spare time? Or are you busy individual? If you don't have spare time to perform others business, it is gives you the sense of being bored faster. And you have time? What did you do? Everyone has many questions above. They need to answer that question because just their can do which. It said that about publication. Book is familiar on every person. Yes, it is proper. Because start from on jardín de infancia until university need this specific Precalculus Enhanced with Graphing Utilities (4th Edition) to read.

Janice Nolan:

Reading a reserve tends to be new life style within this era globalization. With reading you can get a lot of information which will give you benefit in your life. Together with book everyone in this world could share their idea. Books can also inspire a lot of people. A lot of author can inspire their very own reader with their story or maybe their experience. Not only the story that share in the guides. But also they write about the data about something that you need illustration. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors in this world always try to improve their expertise in writing, they also doing some investigation before they write to their book. One of them is this Precalculus Enhanced with Graphing Utilities (4th Edition).

David Dugas:

The reason why? Because this Precalculus Enhanced with Graphing Utilities (4th Edition) is an unordinary book that the inside of the publication waiting for you to snap it but latter it will distress you with the secret this inside. Reading this book beside it was fantastic author who all write the book in such wonderful way makes the content within easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book get such as help improving your skill and your critical thinking method. So , still want to hold up having that book? If I were you I will go to the e-book store hurriedly.

Katie Barry:

Playing with family in the park, coming to see the ocean world or hanging out with buddies is thing that usually you have done when you have spare time, and then why you don't try issue that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Precalculus Enhanced with Graphing Utilities (4th Edition), you could enjoy both. It is excellent combination right, you still desire to miss it? What kind of hangout type is it? Oh occur its mind hangout men. What? Still don't have it, oh come on its called reading friends.
