The Good Earth Trilogy: The Good Earth, Sons, and A House Divided Pearl S. Buck
Set in China during the early twentieth century, Pearl S. Buck's timeless trilogy is the powerful story of a family—and a nation—in transition

The Good Earth is Buck's classic, Pulitzer Prize-winning story of Wang Lung, a Chinese peasant farmer, and his wife, O-lan, a former slave. With luck and hard work, the couple's fortunes improve over the years: They are blessed with sons, and save steadily until one day they can afford to buy property in the House of Wang—the very house in which O-lan used to work. But success brings with it a new set of problems. Wang soon finds himself the target of jealousy, and as good harvests come and go, so does the social order. Will Wang's family cherish the estate after he's gone?

The family's story continues in *Sons* and *A House Divided*, when the Revolution sweeping through China further unsettles Wang Lung's family in this rich and unforgettable portrait of a family and a country in the throes of widespread national change.
