Feminism and Pop Culture: Seal Studies Andi Zeisler

Whether or not we like to admit it, pop culture is a lens through which we alternately view and shape the world around us. When it comes to feminism, pop culture aids us in translating feminist philosophies, issues, and concepts into everyday language, making them relevant and relatable. In *Feminism and Pop Culture*, author and cofounder of *Bitch* magazine Andi Zeisler traces the impact of feminism on pop culture (and vice versa) from the 1940s to the present and beyond. With a comprehensive overview of the intertwining relationship between women and pop culture, this book is an ideal introduction to discussing feminism and daily life.
