Spanish Description

Un encargo editorial pone a Alejandra Varela, especialista en arte urbano, tras la pista de Sniper, un reconocido artista del grafiti, promotor de acciones callejeras al límite de la legalidad —algunas de ellas con resultados fatales— del que casi nadie ha visto jamás el rostro ni conoce el paradero. La búsqueda conducirá a la protagonista de Madrid a Lisboa, y de ahí a Verona y Nápoles en su intento por descifrar cuál es el objetivo al que apunta la mira mortal del cazador solitario. «En mis novelas siempre hay una épica, una clase determinada de héroe. En este sentido El francotirador paciente no se sale de ese territorio. El mundo del grafiti callejero es un escenario muy interesante y tiene también un componente singular de aventura, de guerrilla urbana... En esta ocasión he llevado a mis personajes de siempre a un territorio muy actual, contemporáneo», afirma el autor. El francotirador paciente es también una original reflexión sobre el papel del arte y su valor en nuestros días, un asunto que el escritor ya trató en novelas anteriores como El pintor de batallas o La tabla de Flandes. El francotirador paciente es un thriller que apasiona, un formidable duelo de inteligencias, un juego al límite entre perseguidor y presa. Porque el tiempo no es lo más importante cuando quedan cuentas pendientes.

English Description

An editorial assignment sets urban-art specialist Alejandra Varela on the trail of Sniper, a mysterious graffiti artist and promoter of activities bordering on illegal—with sometimes fatal results. Her attempts to figure out the lone hunter's next target of the lonely hunter's will take Varela from Madrid to Lisbon, and from there to Verona and Naples. The novel is an electrifying thriller, a formidable duel of the minds, and a daring game between hunter and pray, where time is of no import when there are still accounts to be settled. El francotirador paciente is also a remarkable reflection on the role of art and its value in our times, something the author has touched upon in previous novels such as El pintor de batallas and La tabla de Flandes. "There is always something epic in my novels, a certain class of hero. In this sense, El francotirador paciente does not deviate from this terrain. The world of graffiti is a very interesting setting and it also has the unique component of urban warfare and adventure... This time I have taken my usual characters to a contemporary and very current territory," said the author.
