Visions of Culture: An Introduction to Anthropological Theories and Theorists Jerry D. Moore

This new edition of Jerry D. Moore's *Visions of Culture* presents introductory anthropology students with a brief, readable, and balanced treatment of theoretical developments in the field. The key ideas of major theorists are briefly described and—unique to this textbook—linked to the biographical and fieldwork experiences that helped shape their theories. The impact of each scholar on contemporary anthropology is presented, along with numerous examples, quotes from the theorists' writings, and a description of the broader intellectual setting in which these anthropologists worked.
