Italy and the Wider World: 1860-1960 R.J.B. Bosworth

Richard Bosworth's overview of Italy's role in European and world politics from 1860 to 1960 is lively and iconoclastic. Based on a combination of primary research and secondary material he examines Italian diplomacy, military power, commerce, culture, tourism and ideology. His account challenges many aspects of current Italian historiography and offers an original vision of the place of Italy in modern history.
