Predictions 2015-2016 John Hogue

John Hogue, a world renowned authority on Nostradamus and prophetic traditions, will reveal the potential, history-changing events coming in the second half of 2015 as this year may be the last chance to begin reforming monetary, economic, and political systems. Otherwise, time begins running out to avoid a disastrous future that might ultimately entail a threat of human extinction from planetary climate change. Hogue will take us further, into the year 2016, and how it could become Year One of a 20-year period of “The Great Unraveling” as foreseen by Nostradamus. Let that not dishearten you, cautions Hogue. In his most epic examination yet of worldwide prophetic trends, Hogue presents in breathtaking detail a thought-provoking encounter with tomorrow’s many potentials, where even the scariest future collapse of old systems of order and centralization can also be cause for the rise of new people movements and positive socio-economic and political revolutions. These and other unexpected reversals of fate and fortune are waiting that may nullify many clear and present threats to human survival and individual freedom that seem set against our pursuit of a happier, and golden, future. “I have known John Hogue for fifteen years, during which time he has appeared on my radio program many, many times. Every year, he predicts on the program in the first quarter and we ‘hold his feet to the fire’ during the summer. And every year, he proves to be fireproof. He’s accurate. Uncannily accurate.” —Whitley Strieber, author of “Communion” and “The Coming Global Superstorm” with Art Bell
