The Cardiovascular System in Health and Disease

Mark I. M. Noble

The Cardiovascular System in Health and Disease Mark I. M. Noble

In this textbook, basic aspects of the cardiovascular system in health and disease are described in relation to a series of 30 case descriptions. This style of presentation mirrors that required for the new medical curriculum, as recommended by the General Medical Council. The clinical relevance of preclinical knowledge is immediately made apparent to the student by its description as applied to the clinical cases.
