## Java in a Nutshell, Fourth Edition David Flanagan

Java just keeps growing, adding features, functionality, complexity, and tempting developers to growl with frustration. The new 1.4 release of Java 2 Standard edition increases the size of the platform by 50%, to 2757 classes in 135 packages. How are you going to figure out what this means for your applications? As always, *Java in a Nutshell* has the answers. The new 4th edition still contains an accelerated introduction to the Java programming language and its key APIs so you can start writing code right away. And with more than 250 new pages, author David Flanagan quickly brings you up to speed on new features that come with version 1.4:

- High-performance NIO API
- Support for pattern matching with regular expressions
- A logging API
- A user preferences API
- New Collections classes
- An XML-based persistence mechanism for Java Beans
- Support for XML parsing using both the DOM and SAX APIs
- User authentication with the JAAS API
- Support for secure network connections using the SSL protocol
- Support for cryptography

The book contains O'Reilly's classic quick-reference for all the classes in the essential Java packages, so you can dive in and find what you need to make the new 1.4 version work for you. For as long as Java developers have existed, *Java in a Nutshell* has been ready, willing and able to take you right to the heart of the program, turning those frustrated grrrrs into purrrs of satisfaction. No wonder readers of Java Developer's Journal voted this the "Best Java Book" the past two years in a row!

### From reader reviews:

#### **Daisy Richardson:**

Why? Because this Java in a Nutshell, Fourth Edition is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will shock you with the secret this inside. Reading this book next to it was fantastic author who write the book in such wonderful way makes the content inside easier to understand, entertaining method but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This book will give you a lot of benefits than the other book get such as help improving your skill and your critical thinking approach. So , still want to hold off having that book? If I ended up you I will go to the guide store hurriedly.

#### **Lynnette Cash:**

Can you one of the book lovers? If so, do you ever feeling doubt when you find yourself in the book store? Make an effort to pick one book that you just dont know the inside because don't judge book by its protect may doesn't work this is difficult job because you are frightened that the inside maybe not since fantastic as in the outside appearance likes. Maybe you answer can be Java in a Nutshell, Fourth Edition why because the fantastic cover that make you consider about the content will not disappoint you. The inside or content is definitely fantastic as the outside or perhaps cover. Your reading sixth sense will directly direct you to pick up this book.

#### **Terri Brown:**

Is it you actually who having spare time subsequently spend it whole day through watching television programs or just lying down on the bed? Do you need something new? This Java in a Nutshell, Fourth Edition can be the respond to, oh how comes? A fresh book you know. You are therefore out of date, spending your extra time by reading in this brand new era is common not a nerd activity. So what these textbooks have than the others?

#### **Rhonda Kirby:**

Many people said that they feel uninterested when they reading a book. They are directly felt the idea when they get a half regions of the book. You can choose the actual book Java in a Nutshell, Fourth Edition to make your current reading is interesting. Your own personal skill of reading talent is developing when you just like reading. Try to choose basic book to make you enjoy to learn it and mingle the impression about book and examining especially. It is to be initial opinion for you to like to wide open a book and read it. Beside that the e-book Java in a Nutshell, Fourth Edition can to be your friend when you're feel alone and confuse with the information must you're doing of that time.
